This image shows step 222 of a LEGO assembly. A legend in the top left corner indicates that 3 light grey pins are required, along with 1 light grey 1-way connector and 1 light grey axle. The main assembly features a grey base with various components. A black ring is on the left. A vertical grey pin is in the center. A horizontal grey axle is connected to a series of grey connectors. A red outline highlights a specific vertical assembly of grey connectors and axles. A large orange cylindrical component is on the right.
